Subject: Battleswick farm proposal to lose green belt

Dear sir

I would like to put into writing our strong objection for the proposed change of green belt at Battleswick farm. Rowhedge is a small unique community and will already change dramatically with the dock development.

We do not want to see out beautiful boundaries put further at risk with the loss of it's green belt protection.

We ask that this proposal is considered and that the land remain green belt as intended to protect the beauty and uniqueness of our village.

May I say also we find it extremely alarming that we only hear of this in the eleventh hour so to speak?!

Regards Karen & Steve Watsham.
