**Subject:** Building on Battleswick Farm

Whilst recently attending a Parish Council meeting in Rowhedge I was very concerned to hear that the tenant of Battleswick Farm had just had news about the possibility of much of the farm land being used as building land.

This would be a disaster for the village of Rowhedge and it's inhabitants.

Our school and Doctor's surgery do not have finite places and indeed will soon receive a large influx of clients when the Wharf Development is built.

I believe that a lot of the proposed building would be between the village and the conurbation of Colchester, thereby removing the space which makes Rowhedge a village.

I'm sure that the majority of the inhabitants of Rowhedge have chosen to live in a village and not a town.

Yours sincerely
