Subject: The land behind Hillview Close and Ashurst Close (Battleswick Farm)
Importance: High

Dear Sir

It has just been brought to my attention of the following "that CBC is taking steps to re-classify the land belonging to Battleswick Farm; currently this is green-belt land, which means it cannot be built on. If the classification changes....well, we all know what happens next, and this is before the impact of the dock development can be felt within the village. The land behind Hillview Close and Ashurst Close has been put in the 'pot' of something called a Local Plan, which is where CBC assess all privately owned land for future development. Getting the land changed from green-belt removes a major stumbling block for the owners to then be able to build on it. Which is something I am sure none of us want"

I would like to make you aware that I will not be happy, to have more home built on the land opposite my house, as I came to a village to have views, not houses, to enjoys the countryside etc...

Please can you clarify the full details to me as to what is happening, and if the above rumours are true, I for sure would not be happy and would like to object to this reclassification of land.

Thanks

Lorna Arrowsmith [REDACTED]
