Subject: Reclassification of Green Belt Land near Rowhedge

Dear Sir

I would like to express my worry and concern about any prospective reclassification of land belonging to Battleswick Farm near Rowhedge.

We already have a major new development about to take place on the old quay which will increase the population of the village by at least 20% in one fell swoop.

It seems to me to be prudent to let the quay development run its course before considering any other potential site for large scale development in the Rowhedge area.

I often walk along the footpath that borders the Battleswick Farm fields with my children and enjoy the sight and sound of these open fields.

It would be a shame to lose this natural resource.

many thanks

Jamie Gledhill

Rowhedge
