Wildflower Meadow	1
Interactive Educational Objects	1
Seats and Picnic Table	1
Sweets and Ice-Cream Stall	1

Recommendations:

- As 'more events' received the highest number of total votes (149 votes) and was also the option with the highest number of first choice votes (70 votes), this should perhaps be viewed as a priority in terms of possible future actions. Putting on more events will hopefully increase footfall within the priory and help to tackle street drinking and anti-social behaviour.
- Consideration should also be given to 'security' and 'up lighting the priory' as these scored the second and third highest overall votes (118 and 116 votes respectively). These two initiatives are linked and could be incorporated as one combined strategy.
- Participants where given the opportunity to suggest other initiatives. 7 individuals suggested an 'open-air theatre, cinema and gigs. Could these events/facilities be considered within the overarching initiative of putting on more events?
