Number of homes sold under the Right to buy scheme

During 2018-19 there were **29** properties sold under the Right to buy scheme. Between 1 April and 30 June 2019 there were **6** properties sold under the scheme and between 1 July and 30 September there were **9** properties sold.

Empty homes

As at 3rd October 2019 there were **2,006** empty homes classified as empty for council tax purposes. Of these **1,961** were privately owned or owned by Registered Providers and **45** were owned by Colchester Borough Council. This definition of empty properties is 'Empty, Unoccupied & unfurnished' which includes short term (possibly vacant between moves) and long term (Uninhabitable/subject to Major Works).

The information below shows the length of time that these properties had been empty:

0 – 6 months = 1,189

7 – 12 months = 353

1 – 2 years = 256

2 – 5 years = 129

5 + years = 79

The Housing Register

Colchester holds a housing register of people interested in Council or Registered Provider homes. Households eligible to join the register are assessed according to need and 'banded' as to their priority for rehousing. There are five bands (Bands A - E), depending on the assessed level of housing need.

Not everyone on the housing register will be offered a property. Last year (April 2018 – March 2019) there were only **658** lets of affordable housing compared to almost **3,000** households on the register.

Households on the register according to band

Banding	Number of households on register
A	80
B	601
C	728
D	165
E	1293
Total	2867

Lettings of affordable housing

Affordable housing includes both Council owned and Registered Provider homes. The table below shows the number of properties let during 2018 – 2019.

Landlord	Number of homes let April 2018 - March 2019
Colchester Borough Council	360
Registered Providers	296
Colchester Borough Homes	2
Total	658

Registered Providers of social housing are independent societies, bodies of trustees or companies established for the purpose of providing low-cost social housing for people in housing need on a non-profit-making basis. They are also known as 'housing associations'.

The table below shows the total number of lettings by applicant type on the Housing register.

Applicant type	Number of homes let April 2018 - March 2019
Direct	173
Transfer	295
Homeless	190
Total	658

Please note this does not include households who have moved through mutual exchange. This is where an existing Council or Registered Provider tenant 'swaps' their home with another tenant.

Homelessness and Housing advice

The Housing Solutions Team provides free, expert housing advice to residents of all tenures in the borough. The team has a strong focus on preventing homelessness and can advise people with housing problems or assist those people in finding somewhere to live.

In April 2018 a change in homelessness legislation with the introduction of the Homelessness Reduction Act, brought a significant change in the way the Housing Solutions Team assess homelessness applications and monitor outcomes.

The new Homelessness Reduction Act places two additional statutory duties on local housing authorities:

The prevention duty – requires councils to intervene to prevent homelessness at an earlier stage, when a household is at risk of losing their home in the next 56 days. This is particularly relevant for those living in privately rented homes who are served with notice and provides more opportunity to support people directly into another tenancy.

The relief duty - requires councils to offer more advice and support to anyone who is already homeless, regardless of whether they are in priority need and may involve offering accommodation.

The duties that existed under the previous homelessness legislation, known as the **main duty**, remain in place. A main housing duty is owed where homeless households are eligible (certain persons from abroad are ineligible for housing assistance), have a priority need for accommodation and are not homeless intentionally.

For the year 2018 - 2019, the Housing Solutions Team;

- prevented homelessness for **186** households and relieved homelessness for **90** households.
- Accepted a duty under the homelessness legislation for **115** households and helped them into accommodation.

The table below shows the number of cases where a homelessness duty has been accepted and where homelessness has been prevented or relieved for each quarter of 2019 – 2020:

	Qtr 1: April-June 2019	Qtr 2: July-September 2019	Qtr 3: October-December 2019	Qtr 4: January-March 2020
Homelessness households accepted	39	64		
Homelessness prevention/relieved	53 prevented 45 relieved	91 prevented 39 relieved	prevented relieved	prevented relieved

N.B Due to the change in legislation the information previously provided is no longer being recorded in the same way: Homelessness Prevention and Relief statistics from partner agencies can no longer be added to the Housing Solutions Team statistics, as they were previously, and the criteria for prevention has changed.

From 1 April until the 30 September 2019 the Rough Sleeper Co-ordinator and the Outreach Team worked with **102** clients who were provided with support, advice and assistance to help them move off the streets. 28 rough sleepers were housed during the same period.

The Council has a statutory duty under the Housing Act 2002 to provide temporary accommodation to homeless people that are unintentionally homeless and in priority need, whilst they wait for more permanent accommodation to become available.

The number of households in temporary accommodation as at 30 September 2019 was **154**.

Development of new homes

Between April 2017 and March 2018, a total of **1048** new homes were built in Colchester and between April 2018 and March 2019 there were **1165** new homes built.

Number of affordable homes delivered

During the year April 2018 to March 2019 a total of **125** new affordable homes were completed in Colchester.

Type of affordable housing	Number of homes completed
Registered Provider for renting	94
Shared ownership	23
Intermediate Rent	0
Social Rent (CBC)	8
Total	125

The areas where these homes were completed included Chesterwell (Northern Gateway), Axial Way, Factory Hill Tiptree, Warren Lane Stanway, Severalls Hospital site, The Garrison, Wyvern Farm and Halstead Road Stanway.

Colchester Borough Council also partnered with Haig Housing Trust on an open market purchase project where Haig acquired 7 homes for ex service personnel. Colchester Borough Council also purchased back 8 ex local authority properties through the Right to Buy Back scheme. These properties were one and two bed flats, a two-bed house and some three bed houses. The wards in which these properties were situated in Colchester, includes; Castle, Berechurch, St Anne's, St John's, Rural North, Prettygate and Shrub End. All properties purchased back have been let at Social rent.

Affordable Home ownership

The Government set up several schemes to help households into homeownership. One of the key schemes is the Help to buy equity loans (a low interest loan towards a deposit for a home).

The number of properties bought in Colchester with the support of the Help to buy Equity loans scheme from April 2013 to 31 December 2018 was **1,775** of which **1,444** were first time buyers.

The Housing Market

House prices in Colchester

Date	October 2019	October 2018
Average price of home	£290,025	£294,527
Lower quartile price	£210,000	£210,000

The table above compares the changes in both the overall average house price and the average lower quartile house price based on house sales from the previous year. The lower quartile house price is the bottom end of the market - usually smaller homes and flats.

Housing in the Private Sector

The Private Sector Housing Team (PSH) has introduced a robust method of monitoring of hazards removed and homes improved. The targets since 2014/15 included 300 housing hazards to be removed and 300 homes improved.

During 2018-19:

The number of requests from tenants asking the Private Sector Housing Team to investigate disrepair in their privately rented property was **174**

The total number of serious hazards removed by the PSH team was **324**

The total number of homes improved by the PSH team was **90**

The Council needed to serve **15** Improvement Notices for Category 1 and 2 hazards on non-compliant landlords to secure compliance with housing standards and **1** order prohibiting the use of a property for human habitation due to its condition.

In addition, **7** Prosecution cases were taken against non-compliant landlords and **3** long term vacant properties were brought back into occupation

Assistance to home owners

Colchester Borough Council administers Disabled Facilities Grants (DFGs) to criteria set out by the Government. In 2018-19 there were **62** grants paid after completion of works to adapt properties to enable people with disabilities to continue to live in them.

In 2018-19 Colchester Borough Council completed **6** Home Repair Loans. This is an income based, 'means tested' loan, secured on the property, and is available to home owners and leaseholders to repair and maintain their property.
