There is no requirement, in the Act, for a Council to have in place a formal policy for dealing with applications made under the Scrap Metal Dealers Act 2013. However, in line with 'Best Practice' Colchester Borough Council has chosen to adopt a formal policy for this purpose.

The impact of metal theft within communities can be immense, ranging from:

- Disruptions to rail services
- Loss of power to homes/businesses
- Interruptions to telecommunications
- Theft of lead from church roofs
- Theft of bus shelters, lightning conductors, street signs,
- Theft of gully and manhole covers
- Theft of war and grave memorials

All have serious economic and social implications for communities, and can result in the loss of national infrastructure, loss of heritage and loss of life.

In 2011/2012 metal theft was the fastest growing crime recorded in the UK, driven by a growing global demand for metal. The Scrap Metal Dealers Act 2013 was passed in response to this growing problem. The aim of the legislation was to establish a process to ensure all trading in metal could be controlled and audited. Since the introduction of the Scrap Metal Dealers Act 2013 there has been a considerable reduction locally in reported metal theft.

The purpose of this policy is to highlight the requirements of the Act by providing guidance to new applicants, existing licence holders, consultees and members of the public on how the act is administered and enforced.

1. The Policy and the Law

- 1.1 This document details Colchester Borough Council's policy on the regulation of Scrap Metal Dealers
- 1.2 The Scrap Metal Dealers Act 2013 received Royal Assent on 28 February 2013. The Act repealed the Scrap Metal Dealers Act 1964 (and linked legislation) and Part 1 of Vehicles (Crime) Act 2001 creating a revised regulatory regime for the scrap metal recycling and vehicle dismantling industries.
- 1.3 The Act maintains local authorities as the principal regulator and gives them the power to better regulate these industries by allowing them to refuse to grant a licence to "unsuitable" applicants and a power to revoke licences if the dealer becomes "unsuitable".
- 1.4 The Act requires a scrap metal dealer or collector of scrap metal to obtain a licence in order to carry on business as a scrap metal dealer.
- 1.5 The following regulations were also been made:
 - The Scrap Metal Dealers Act 2013 (Prescribed Documents and Information for Verification of name and Address) Regulations 2013
 - The Scrap Metal Dealers Act 2013 (Prescribed Relevant Offences and Relevant Enforcement Action) Regulations 2013
- 1.6 Colchester Borough Council hereinafter called 'the Council' is the Licensing Authority under the Scrap Metal Dealers Act 2013 and is responsible for granting site licence and collector's licenses in the Borough of Colchester in respect of businesses that deal in scrap metal and vehicle dismantling.
- 1.7 When assessing applications, the Council must be satisfied that the applicant is a 'suitable' person to hold a licence. Unsuitability will be based on several factors including any relevant criminal convictions.
- 1.8 The Scrap Metal Dealers Act 2013 makes it a requirement for a scrap metal dealer to have a licence in order to carry on in business as a dealer. It is an offence to carry on a business without first obtaining a licence.
- 1.9 The Following information contained within the Policy is in part lifted from the legislation to allow for a readable format. However, for actual sections when dealing with the process; regard must be had to the actual Scrap Metal Dealers Act.

19.4 A "closure notice" may be issued by a constable or local authority which states they are satisfied of the above, the reasons for that, that the constable of local authority may apply to the court for a closure order and specifies the steps which may be taken to ensure that the alleged use of the premises ceases.

19.5 The notice must be given to the person who appears to be the site manager of the premises and any person who appears to be a director, manager or other officer of the business in question. The notice may also be given to any person who has an interest in the premises.

19.6 The notice must be given to a person who occupies another part of any building or structure of which the premises form part and the constable or local authority believes at the time of giving the notice, that the person's access to that other part would be impeded if a closure order were made in respect of the premises.

Cancellation of Closure Notice

19.7 A "cancellation notice" issued by a constable of local authority may cancel a closure notice. This takes effect when it is given to any one of the persons to whom the closure notice was given. This must also be given to any other person to whom the closure notice was given.

Application for Closure Order

19.8 When a closure notice has been given, a constable or the local authority may make a complaint to a justice of the peace for a closure order. This may not be made less than 7 days after the date on which the closure notice was given or more than 6 months after that date.

19.9 A complaint under this paragraph may not be made if the constable or authority is satisfied that the premises are not (or are no longer) being used by a scrap metal dealer in the course of business and there is no reasonable likelihood that the premises will be so used in the future.

19.10 The justice may issue a summons to answer to the complaint. This must be directed to anyone whom the closure notice was given and must include the date, time and place at which the complaint will be heard.

Closure Order

The use of the premises by a scrap metal dealer in the course of business must be discontinued immediately and any defendant must pay into court such sum as the court determines and that the sum will not be released by the court to that person until the other requirements of the order are met.

19.12 The closure order may include a condition relating to the admission of persons into the premises, the access by persons to another part of any building or other structure of which the premises form part.

19.13 A closure order may include such provision as the court considers appropriate for dealing with the consequences if the order should cease to have effect.

19.14 As soon as practicable after the closure order is made, the complainant must fix a copy of it in a conspicuous position on the premises in respect of which it was made.

19.15 A sum ordered to be paid into court under a closure order is to be paid to the designated officer for the court.

Termination of Closure Order by Certificate

19.16 Once a closure order has been made and a constable or local authority is satisfied that the need for the order has ceased a certificate may be made. This ceases the closure order and any sum paid into a court is to be released by the court to the defendant.

19.17 As soon as is practicable after making a certificate a constable or local authority must give a copy to any person against whom the closure order was made, give a copy to the designated officer for the court which made the order, and fix a copy of it in a conspicuous position on the premises in respect of which the order was made.

19.18 A copy of the certificate must be given to any person who requests one.

Discharge of Closure Order by Court

19.19 A closure order may be discharged by complaint to a justice of the peace. This can be done by any person to whom the relevant closure notice was given or any person who has an interest in the premises but to whom the closure notice was not given.

19.20 The court will make a discharge order if it is satisfied that there is no longer a need for the closure order. The justice may issue a summons directed to a constable as the justice considers appropriate or the local authority, requiring that person to appear before the magistrates' court to answer to the complaint.

19.21 If a summons is issued, notice of the date, time and place at which the complaint will be heard must be given to all persons to whom the closure notice was given (other than the complainant).

Appeal

19.22 Appeal may be made to the Crown Court against:

- a) a closure order
- b) a decision not to make a closure order
- c) a discharge order
- d) a decision not to make a discharge order.

19.23 The appeal must be made before the end of 21 days beginning with the day on which the order or decision in question was made.

19.24 An appeal under a) and b) may be made by any person to whom the relevant closure notice was given or any person who has an interest in the premises but to whom the closure notice was not given.

19.25 An appeal under b) and c) may be made by a constable or the local authority.

Enforcement of Closure Order

19.26 A person is guilty of an offence if, without reasonable excuse, they permit a premise to be open in contravention of a closure order, or fail to comply with, or does an act in contravention of a closure order.

19.27 If the closure order has been made, a constable or a person authorised by the local authority may (if necessary, using reasonable force) enter the premises at any reasonable time, and having entered the premises, do anything reasonably necessary for the purpose of securing compliance with the order.

19.28 If the owner, occupier, or other person in charge of the premises requires the officer to produce evidence of identity or evidence of authority to exercise powers, the officer must produce that evidence.

21. Enforcement

21.1 In order to ensure compliance with the legislation and any licence conditions imposed, premises/businesses will be inspected using a risk-based approach.

21.2 This will allow resources to be effectively targeted on high-risk or problematic licence holders and prevent over burdensome enforcement on compliant and well managed businesses.

21.3 Appropriate enforcement action will be taken in accordance with legislation and any guidance issued under that legislation.

22. Carriage of Passengers

22.1 The carriage of passengers whilst scrap metal collection is taking place is permitted provided each passenger holds a valid collector licence issued by the relevant local authority.

22.2 The exception to this is where a passenger is employed by the collector in the course of the scrap metal collection business. The collector/employee may be required to provide proof of employment (ie payslips, HMRC documents).

23. Storage

23.1 The storage of metal in the course of a scrap metal business would require a site licence. Collectors are not permitted to store scrap metal.

24. Breaking Down

24.1 Sorting scrap metal and breaking prior to sale is a common occurrence. On occasion this has been done at the roadside causing inconvenience and often nuisance to others within the vicinity.

24.2 The Council has powers under the Environmental Protection Act 1990 to prosecute for the unlawful deposit of controlled waste.

APPENDIX 1 – Relevant Offences

The Government requires that local authorities make sure that they only issue scrap metal dealers licences to those considered to be 'suitable persons'. The Scrap Metal Dealers Act 2013 (Prescribed Relevant Offences and Relevant Enforcement Action) Regulations 2013 provides a list of the offences which local authorities are obliged to take into account when considering if an applicant is a suitable person. The local authority will consider convictions for offences and relevant enforcement action.

The Schedule of offences is:

Relevant offences under this regulation are defined as:

- inciting or aiding, abetting, counselling or procuring the commission of any offence falling within the schedule, and
- an offence under part 2 of the Serious Crime Act 2007 (encouraging and assisting crime) committed in relation to any offence falling within the schedule.

If you have a relevant offence which is not spent as defined by the Rehabilitation of Offenders Act 1974, or you are subject to relevant enforcement action, it does not necessarily mean that you cannot hold a scrap metal dealers licence but it is likely that you will need to attend a Licensing Sub-Committee in order that you can explain more about the circumstances around the conviction or enforcement action. The Sub Committee will then make a decision about whether or not they think you will be a suitable person to hold a licence.
