Equality Impact Assessment Form - An Analysis of the Effects on Equality

Section 1: Initial Equality Impact Assessment

Name of policy* to be assessed: Council Covid-19 Recovery Programme

(*Please note that the term 'policy' is used broadly to include a service, strategy or key decision.)

Where published, please provide a link here – and remove this advice.

1. What is the main purpose of the policy? Support delivery of CBC recovery programme
2. What main areas or activities does it cover? All service areas and all activities including partnerships associated with the Council Covid-19 Recovery Programme
3. Are there changes to an existing policy being considered in this assessment? If so, what are they? No
4. Who are the main audience, users or customers who will be affected by the policy? All officers across all services and partners
5. What outcomes do you want to achieve from the policy? As laid down by the objectives contained in each of the 4 cells - Council, Community, Customer and Economy
6. Are other service areas or partner agencies involved in delivery? If so, please give details below. All services within the organisation, CBH and partnerships

7. Are you aware of any relevant information, data, surveys or consultations¹ which help us to assess the likely or actual impact of the policy upon customers or staff? *If so, provide details and include a link to the document or source where available. No*

8. The 'general duty' states that we must have "due regard" to the need to:

- (a) eliminate unlawful discrimination, harassment and victimisation
- (b) advance equality of opportunity between people who share a 'protected characteristic'² and those who do not³
- (c) foster good relations between people who share a 'protected characteristic' and those who do not⁴

Not all policies help us to meet the 'general duty', but most do.

Where applicable, explain how this policy helps us to meet the 'general duty': The general duty has been considered and will be applied where appropriate

The policy helps us to 'eliminate unlawful discrimination, harassment and victimisation' in the following way(s):

- The general duty has been considered and will be applied where appropriate

The policy helps us to 'advance equality of opportunity...' in the following way(s):

- This programme is not designed to advance equality of opportunity, but this item will be considered when and where appropriate

¹Click on [Customer Insight](#) for more information. The Council's surveys and consultations include 'equality monitoring information' to help us identify any particular concerns or views expressed by any particular group or 'protected characteristic'. It can also help us to assess how representative of our customers the respondent group is. Local data on the 'protected characteristics' is available [on this page](#) of Sharepoint.

² The Equality Act's 'protected characteristics' include age, disability, gender reassignment, pregnancy and maternity, race, religion or belief and sex and sexual orientation. It also covers marriage and civil partnerships, but not for all aspects of the duty.

³ This involves having due regard, in particular, to the need to: (a) remove or minimise disadvantages suffered by persons who share a 'protected characteristic' that are connected to that characteristic; (b) take steps to meet the needs of persons who share a relevant 'protected characteristic' that are different from the needs of persons who do not share it, and (c) encourage persons who share a relevant 'protected characteristic' to participate in public life or in any other activity in which participation by such persons is disproportionately low.

⁴ This involves having due regard, in particular, to the need to (a) tackle prejudice, and (b) promote understanding.

The policy helps us to 'foster good relations...' in the following way(s):

- This programme is not designed to foster good relations but this item will be considered when and where appropriate
9. The Council has an important role in improving residents' health under the Health and Social Care Act 2012. This relates to both its 'core functions' (such as housing, leisure, green spaces and environmental health) and to its 'enabling roles' (such as economic development, planning and engaging with communities)⁵. The Council recognises that its Public Sector Equality Duty and its role in improving health are interrelated and mutually supportive. This is especially true across the 'protected characteristics' of age and disability.

"Health inequalities are the unjust and avoidable differences in people's health across the population. They come from the unequal distribution of income, wealth and power and influence the wider determinants of health such as work, education, social support and housing. Currently, in England people living in the least deprived areas will live around 20 years longer in good health than those in the most deprived areas. Reducing health inequalities means giving everyone the same opportunities to lead a healthy life, no matter where they live or who they are."

Where applicable, explain how this policy helps us to improve health/reduce health inequalities for residents:

- This programme is not designed to improve resident health, but this item will be considered when and where appropriate

10. This section helps us to identify any disproportionate equality impacts. Please indicate in the table below whether the policy is likely to particularly benefit or disadvantage any of the 'protected characteristics.

Remember to include reference to any relevant consultation, data or information.

11. If you have identified any negative impacts (above), how can they be minimised or removed?

(This is a key section: Please deal with each negative impact noted above in turn.)

12. Could the policy discriminate⁸ against any 'protected characteristic', either directly or indirectly⁹? (Yes/No) No

⁷ The 'protected characteristic' of gender reassignment is defined by the Equality Act 2010 as "a person proposing to undergo, is undergoing or has undergone a process (or part of a process) for the purpose of reassigning the person's sex by changing physiological or other attributes of sex." This is a personal process that may involve medical interventions such as counselling, psychotherapy, hormone therapy or surgery, but does not have to.

⁸ The Council has a general duty to 'eliminate unlawful discrimination, harassment and victimisation'. Direct discrimination occurs when a person is treated less favourably than another in a comparable situation because of their 'protected characteristic' whether on grounds of age, disability, pregnancy and maternity, ethnicity; religion or belief; sex (gender), sexual orientation, or marriage and civil partnership. Indirect discrimination occurs when an apparently neutral provision or practice would nevertheless disadvantage people on the grounds of their 'protected characteristic'.

⁹ If you answer 'yes' to question 11 (above) you will need to complete the following section *and* go on to complete Section 2 in order to conduct a full Equality Impact Assessment.

Summary and findings of Initial Equality Impact Assessment

13. Please put a tick in the relevant box to confirm your findings, and what the next step is:

Findings	Action required
A. No negative impacts have been identified <input type="checkbox"/>	Sign off screening and finish.
B. Negative impacts have been identified but have been minimised or removed <input type="checkbox"/>	Sign off screening and finish.
C. Negative impacts could not be minimised or removed <input type="checkbox"/>	Sign off screening and complete a full impact assessment – Section 2.
D. There is insufficient evidence to make a judgement <input type="checkbox"/>	Sign off screening and complete a full impact assessment – Section 2.

14. Name and job title of person completing this form: Simon Thorp, Covid-19 Recovery Programme Co-ordinator

15. Date of completion: 10/08/20

16. Date for update or review of this screening¹⁰: 10/08/22

If you have selected A or B (above), you have completed the assessment and can remove this paragraph and everything that appears below. In this case please: (a) send a copy to the relevant Assistant Director and the Equality and Safeguarding Officer; (b) arrange for it to be published on the Council's website [here](#) (under the relevant service area heading); and (c) update the Corporate Spreadsheet by clicking [here](#) and selecting and updating the first document. If you have selected C or D (above), you must complete Section Two

¹⁰ This is normally three years, but not always: You may know that the policy itself will be reviewed earlier in which case the EqIA should be reviewed at that time. Or, in the case of a five year strategy, you may want to have a review date of five years. In the case of a "one off" decision, such as closing a service, a review date may not be needed - in which case you should indicate 'N/A'. In any event, the review date should be brought forward if you receive information or feedback which raises new concerns, or if the public policy context changes. You can speak to the [Equality and Safeguarding Co-ordinator](#) for more advice.

(below).

Section 2: Full Equality Impact Assessment

Where there is a negative impact which has not been minimised or removed

17. If you have identified negative impact(s) on the ‘protected characteristics’ that have not been minimised or removed, is this considered to be ‘a proportionate means of achieving a legitimate aim’¹¹? If yes, state how:

If a negative impact cannot be minimised or removed and cannot be objectively justified as being ‘a proportionate means of achieving a legitimate aim’, the policy should not be implemented as it could unlawfully discriminate.

Where there is insufficient evidence to make a judgement

If you identified that there was insufficient evidence to make a judgement on whether there are any negative impacts on the ‘protected characteristics’, please complete the first column of the Action Plan below.

Engagement and Consultation Action Plan

		Details of Planned Engagement	Date for Review	Summary of findings
Age	Older people (60+)			
	Younger people (17-25) and children (0-16)			
Disability	Physical			

¹¹ This phrase is taken from sections 15 and 19 of the Equality Act 2010. ‘Positive action’, benefitting one or more ‘protected characteristic’(s), may result in a disproportionate negative impact upon another, but this may be justified as being ‘a proportionate means of achieving a legitimate aim’. The need to balance a budget can constitute a “legitimate aim”. Contact the Equality and Safeguarding Co-ordinator for more information or look at the [Equality and Human Rights Commission](#) webpage under “objective justification”.

If your answer to question 16 (above) is ‘no’, this policy could be unlawfully discriminatory against a ‘protected characteristic’. You should not implement this policy. Otherwise, you may implement the policy, taking care to review its impact based on planned engagement. The Review should be carried out within 6 months from the date of this Full Impact Assessment, at which point a further Review may or may not be required depending on whether you have collected sufficient evidence.
