

COLCHESTER MARKET Culver St East site

RISK ASSESSMENT and HAZARD CONTROL MEASURES TO BE APPLIED TO THE MARKET OPERATION:

To be incorporated in the Market Health & Safety file and duties of the Market & Street Trading Manager

Introduction

This risk assessment is just one part of the Council's approach to risk management on the market and it should be noted that there are / will be other risk assessments carried out by:

- Each trader to ensure that their set up/operating/dismantling operation has been evaluated and assessed.
- Each market taking place on every market day.
- The Council's Neighbourhood Team check and record set up through Healthy & Safety Check [form](#)

These documents are live documents and will be reviewed regularly.

Last reviewed: 17.03.23

Applicable to: Colchester Culver St East Market

To be read in conjunction with:

- Colchester City Council Strategic Health & Safety Policy
- This Risk assessment in conjunction with the Scoring Table
- Operational Methods Statement High Street Markets in Colchester including the Market & Street Trading Manager duties (Section C)
- Management Regulations for Market Trading in Colchester
- Market Trading/Street Licence Contract

Note: All Stallholders are to receive H&S guidance before commencing trading
Welfare and first aid facilities and emergency procedures are included within the Management Regulations for market & street trading in Colchester
Market & Street Trading Manager to conduct regular walk round risk assessments during trading

Procedure: An initial risk assessment for all site activities has been prepared and identified in Column C 'Risks' and scored 1 – 16 using the Scoring Table for guidance.

Existing controls have been devised in Column G and the risks have been re-scored.

Any activity with a re-scored risk level of 6 must be reported immediately to the Council's H&S Officer.

Any activity with a re-scored risk exceeding 6 must be halted immediately and reported to the Council's H&S Officer.
