**Comment & proposed changes:** (continue on a separate page if necessary)

4.3, 4.4: The population figures for 2011 don't appear to add up correctly. 2,124 + 7,637 != 10,025.

5.3: Last sentence is repeated.

5.25: Population figures seem to contradict those in 4.3, 4.4. Non-parished area does not appear to be defined.

Page 60, 2<sup>nd</sup> Action Point: Also consider providing passing places, for example on the B1028 near to Rosabelle Avenue.

15.9: 25 car parking spaces is inadequate.

I have carefully read the Wivenhoe Neighbourhood Plan Draft. Apart from the minor comments listed above, I am in complete agreement with the plan and fully support it.
