Dear Anne,

**Your Ref: RC08/40CL: St Peter's Church Peter**

I am writing to you in support of your plans for St Peter's church in Birch. Your plans for demolishing and establishing a seating area with information boards within the curtailage of the building seem to me to be an excellent proposal for this site. As detailed in the letter, there have been no worthwhile offers for this site and I dont think any scheme is commercially viable. Certainly the building cannot be left to deteriorate any further.

My only separate comment would be to see if any of the material from the church (cast iron fixtures or internal fittings) could be used at other buildings within the village - either the village hall or private residences. As the church has been part of the village for so long and the fact that there a fair number of listed buildings in the village, it may be worth seeing whether there is any merit in this.

Thank you for your letter and I wish you the best of luck in your application.

Kind Regards  
James
