Support

Comment & proposed changes: (continue on a separate page if necessary)

Tarmac have been operating at the Wivenhoe Sand & Gravel Quarry for many years. As extraction ceases and restoration commences, Tarmac support the inclusion of an area of land (2 ha) allocated as an employment in the Neighbourhood Plan. Policy WIV 22 refers. A plan of Tarmac's land ownership is provided.

Support is also given for Policy WIV 28, Land off Croquet Gardens. The allocation of 25 dwellings will benefit the local community and move towards the intended target.

Should the opportunity arise to extend the area of the allocation or promote it for housing, Tarmac will be supportive in future discussions.
